

# Hiking Good Harbor Bay

## Good Harbor Bay

Drive north on M-22. At Road 669 turn north toward Lake Michigan. Road 669 ends at the Lake, turn right on Lake Michigan Road to get to the trailhead. Most of the bay is now owned by the Park so you can access the beach anywhere and walk to your heart's content

Near the beginning of the trail, there is a short section of low coastal dunes. Then the trail turns away from Lake Michigan and becomes wooded for the remainder of its length
